Mike, Dan and Peggy, Please include Richard in emails related to the upcoming meeting in Silverton. Richard and I will be talking with Greg Etter regarding Sunnyside's and EPA's talking points for the portion of the meeting related to how and to what extent we are collaborating with them.

Thanks,

Steve

Subject: Community update agenda

Ok folks -

Here is our current draft of the Community Update agenda for June 20th. The items in red are simply notes of what may be discussed. The red lettering will not be part of the agenda for everyone.

I'm thinking about 20 minutes or so each for items 2-4. No more than 15 minutes each for items 5-8. Does that seem reasonable?

Also, I know for items 2-4, there will undoubtedly be powerpoint presentations. I would like to know if anyone will need the computer and projector for items 5-8.

Thanks.

Peter Butler
